

CHARLOTTE 2012 TRANSPORTATION SURVEY

The **2012 Transportation Survey** is a statistically valid household opinion survey regarding transportation-related issues in Charlotte that is completed every two years as recommended in the City's Transportation Action Plan *Policy 4.1.4* and Focus Area Plan *Target Tran.4*.

The survey was conducted from April to May of 2012 and includes responses from 406 randomly selected households within Charlotte and its ETJ, using both landline and wireless phone numbers. This survey was conducted by The Jackson Group of Hickory, NC. Questions cover a variety of topics including residents' opinions about:

- Existing driving conditions
- Possible solutions to congestion
- Priorities for public sector actions
- Centers, Corridors and Wedges
- Pedestrian and bicycle travel
- Funding options for road construction and maintenance
- Air quality
- Speeding and safety

TAP Policy 4.1.4

The City will continue to implement a biennial survey to determine baseline public awareness and knowledge of the strategies recommended in the TAP, including the Centers, Corridors and Wedges Growth Frame-work and the City's multimodal transportation approach.

Focus Area Plan Target Tran.4

The City will conduct an annual survey, to benchmark existing community awareness of the City's transportation plans and growth strategy by December 2012.

INFORMATION ABOUT THE REPORT

On the following pages you will find 1) a map illustrating the ZIP codes used to define each sub-region of the city, and 2) the final report as delivered from The Jackson Group. The report includes the entire dataset with crosstabs and open ended responses. Selected questions are represented graphically in the first section of the report.

Additionally, the Charlotte Department of Transportation has prepared a graphical summary of all questions in the survey as a supplement to the report. It can be found on CDOT's webpage (<http://cdot.charmeck.org>).

2012 SURVEY DISTRICTS

Thoroughfares

- Freeway
- Major - Class III
- Major thoroughfare
- Minor thoroughfare
- Freeway - Proposed
- Major - Proposed
- Minor - Proposed

Market Perception Survey Results
April/May 2012

Executive Summary

1.0 Please describe the route you most commonly take to work.
Would you say it is...

(Percentages not shown are for the two responses for Don't know / Refusal, one in South Charlotte, and the other in East Charlotte.)

BREAKDOWN BY DISTRICT

North
(N=111)

South
(N=136)

East
(N=73)

West
(N=86)

Very uncongested.
Some days congested/Other days not.
Very congested.

Somewhat uncongested.
Somewhat congested.
I don't work/Work at home.

4.0 Do you currently own a bicycle?

BREAKDOWN BY DISTRICT

North
(N=111)

South
(N=136)

East
(N=73)

West
(N=86)

■ Yes

■ No

7.0 Do you believe that a bike network should exist that includes bike lanes, routes, and greenways?

BREAKDOWN BY DISTRICT

■ Yes ■ No ■ Don't know

8.0 Do you believe roads should be designed to accommodate all users including motorists, pedestrians, bicyclists, and transit users?

BREAKDOWN BY DISTRICT

9.0 How should the government pay for new roads?

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Impact Fees, for new dvlpmt. ■ Sales Taxes ■ Property Taxes ■ Gas Taxes ■ Tolls ■ Don't know ■ Other (See comments)

10.0 How should the government pay for road maintenance?

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Impact Fees, for new dvlpmnt. ■ Sales Taxes ■ Property Taxes ■ Gas Taxes ■ Tolls ■ Don't know ■ Other (See comments)

11.0 Are you aware of the City's growth management strategy known as the "Centers, Corridors and Wedges"?

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Yes

■ No

14.0 Do you believe Charlotte's air quality is:

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Getting better

■ Getting worse

■ Staying about the same

■ Don't know

19.0 Do you believe that sidewalks should be provided on throughfares in Charlotte?

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Yes

■ No

■ Don't know

20.0 How often do you drive to uptown?

BREAKDOWN BY DISTRICT

■ Daily
 ■ 2-3 times per year

■ Once per week
 ■ Within the past year

■ Once per month
 ■ Within the past five years

27.0 In your opinion, how important is it that drivers be educated about safe driving habits through public awareness campaigns?

BREAKDOWN BY DISTRICT

**North
(N=111)**

**South
(N=136)**

**East
(N=73)**

**West
(N=86)**

■ Very important ■ Somewhat important ■ Not at all important ■ Don't know

26.0	Compared to one year ago, would you say that motorists on the roads you drive are:								
	· More safe.	N=	(25) 6.2%	(9) 8.1%	(2) 1.5%	(6) 8.2%	(8) 9.3%		
	· Less safe.	N=	(152) 37.4%	(39) 35.1%	(48) 35.3%	(26) 35.6%	(39) 45.3%		
	· Unchanged.	N=	(218) 53.7%	(61) 55.0%	(83) 61.0%	(37) 50.7%	(37) 43.0%		
	· Don't know.	N=	(11) 2.7%	(2) 1.8%	(3) 2.2%	(4) 5.5%	(2) 2.3%		
27.0	In your opinion, how important is it that drivers be educated about safe driving habits through public awareness campaigns?								
	· Very important.	N=	(247) 60.8%	(72) 64.9%	(62) 45.6%	(54) 74.0%	(59) 68.6%		
	· Somewhat important.	N=	(111) 27.3%	(33) 29.7%	(45) 33.1%	(15) 20.5%	(18) 20.9%		
	· Not at all important.	N=	(39) 9.6%	(5) 4.5%	(23) 16.9%	(2) 2.7%	(9) 10.5%		
	· Don't know.	N=	(9) 2.2%	(1) 0.9%	(6) 4.4%	(2) 2.7%	(0) 0.0%		
28.0	Are you aware that North Carolina has a law requiring you to stop for visually impaired pedestrians using white canes or guide dogs, no matter where they are crossing the roadway?								
	· Yes.	N=	(238) 58.6%	(66) 59.5%	(77) 56.6%	(49) 67.1%	(46) 53.5%		
	· No.	N=	(166) 40.9%	(45) 40.5%	(57) 41.9%	(24) 32.9%	(40) 46.5%		
	· Don't know.	N=	(2) 0.5%	(0) 0.0%	(2) 1.5%	(0) 0.0%	(0) 0.0%		
29.0	Do you usually drive with a radar detector in your vehicle?								
	· Yes.	N=	(17) 4.2%	(4) 3.6%	(7) 5.1%	(5) 6.8%	(1) 1.2%		
	· No.	N=	(389) 95.8%	(107) 96.4%	(129) 94.9%	(68) 93.2%	(85) 98.8%		
30.0	If you are travelling in a left turn lane and the signal changes from a green arrow to a flashing yellow arrow on the signal for your lane, what does this mean?								
	· You no longer have the right of way, must yield to oncoming traffic.	N=	(351) 86.5%	(95) 85.6%	(121) 89.0%	(62) 84.9%	(73) 84.9%		
	· You still have the right of way and can proceed normally.	N=	(21) 5.2%	(4) 3.6%	(7) 5.1%	(4) 5.5%	(6) 7.0%		
	· The signal is malfunctioning.	N=	(8) 2.0%	(3) 2.7%	(1) 0.7%	(4) 5.5%	(0) 0.0%		
	· Don't know.	N=	(26) 6.4%	(9) 8.1%	(7) 5.1%	(3) 4.1%	(7) 8.1%		
31.0	A steady red signal indication always means stop. (Yes or No)								
	· Yes.	N=	(397) 97.8%	(110) 99.1%	(135) 99.3%	(71) 97.3%	(81) 94.2%		
	· No.	N=	(4) 1.0%	(1) 0.9%	(0) 0.0%	(1) 1.4%	(2) 2.3%		
	· Don't know.	N=	(5) 1.2%	(0) 0.0%	(1) 0.7%	(1) 1.4%	(3) 3.5%		
32.0	If a signal has two red lights mounted side-by-side and they are flashing, does this mean:								
	· To stop and proceed with caution if it is clear.	N=	(380) 93.6%	(108) 97.3%	(125) 91.9%	(68) 93.2%	(79) 91.9%		
	· To proceed through the signal at full speed.	N=	(1) 0.2%	(0) 0.0%	(1) 0.7%	(0) 0.0%	(0) 0.0%		
	· Don't know.	N=	(25) 6.2%	(3) 2.7%	(10) 7.4%	(5) 6.8%	(7) 8.1%

Summary of Written Comments for City of Charlotte - Department of Transportation

Total Comments

Total Report Respondents - 331

The following comments have been summarized to protect confidentiality

How should the government pay for road maintenance?

Total Respondents - 109

Total Comments - 109

- I am a self-employed truck driver and I own my own tractor-trailer. The one thing that I think is in desperate need of improvement would be gas prices. It is crippling our country to have to pay so much money for gas. These outrageous prices, which have increased over 300% in the last couple of years, are hurting our country, particularly the trucking industry and those who must also purchase diesel. I am not sure what the city can do about this, but if something can be done, it should be. [1]
- I have a suggestion for how the city can pay for and maintain new roads. Instead of opening so many attractions to bring people in like they did with NASCAR and the whitewater rafting center, I think they should take the money from those things to pay for the things the city needs. They should tax people higher that go to things such as baseball games and races, because they are able to pay and go to these events, and people who are unable to afford going to these sort of things should not be taxed as highly as they are. Everyone is not able to go and should not be paying if they cannot. [1]

What other actions do you feel the City of Charlotte or the State should take to relieve congestion?

Total Respondents - 294

Total Comments - 294

- (Allow) less cars and improve bus travel. [1]
- (Allow) less cars. [1]
- (Conduct) better DOT studies. [1]
- (Construct) bypass bridges. [1]
- (Have) buses run all night. [1]
- (Improve) traffic light timing, and actually repave some of the roads. [1]
- (Incorporate) more bus routes. The bus should run more often and to more places. [1]

- (Increase) public transportation and bike routes. [1]
- (Install) more stoplights. (Install) speed bumps throughout the neighborhoods. Neighborhoods are being used as a way to cut through. [1]
- (Provide) more bike lanes. Have buses come out to more areas. [1]
- (Provide) more bus routes, extend the light rail, and offer incentives for bike travel and other means of green travel. [1]
- (Provide) more buses and sidewalks. Allow for more accessible neighborhoods. [1]
- (Provide) more buses. [4]
- (Provide) more entrances and exits from congested areas. [1]
- (Provide) more spaces. [1]
- (Provide) more turn lanes. [1]
- (There should be) better street systems to relieve congestion. People (are) driving poorly. Something should be done. [1]
- (They are) way behind in time, (and are) not updated. [1]
- (We) need more roads and traffic lights. [1]
- Add a couple of lanes and make neighborhoods have bike lanes. [1]
- Add a couple of more lines in each direction on each of the interstates, and on some of the city streets that are congested. Better lighting is needed in some areas, particularly on Brookshire Freeway and 85. [1]
- Add lanes and buses to make it easier to get somewhere on time. [1]
- Add more rapid transit such as buses, light rails, and street cars. (Provide) safer roads for bike commuting. [1]
- Add more roads or lanes and widen existing roads. [34]
- Add more streets and roads for different routes. People should try to carpool and change travel times to make it easier on themselves and everyone else. [1]
- Add more walkways. [1]
- Allow more building and tax credits to get small businesses going, and get people from out of state to move in. Reduce regulations and government strength. [1]
- Analyze traffic patterns and identify algorithms. [1]

- As a trucker, (I suggest they) control truck traffic. Ban all truck traffic going through the city, and make them take routes around (the city). [1]
- Ban bikes from public roads. [2]
- Based on my experience, I do not drive on the highway. I know there are highways that need to be widened. Within Charlotte, the traffic problems are minimal compared to other places such as Boston. [1]
- Besides widening, use stoplights instead of stop signs. [1]
- Better planning of roads, widening of the right roads, and timing and organizing actions (efficiently). [1]
- Beware of onlookers. [1]
- Build more roads, and provide more public transportation. [1]
- Build more roads. [6]
- Build sidewalks and bike lanes on the street. [1]
- Businesses should vary their work hours. [4]
- CATS should be more professional and on time. [1]
- Continue to support public transportation by keeping up with the roads and accommodate the traffic. [1]
- Coordinate traffic light signals to allow traffic to flow more freely. [14]
- Definitely provide more education on biking and bikers. Also, provide more bike lanes and wider biking lanes. [1]
- Do not allow parking on the streets. [1]
- Do road work at night. [2]
- Do something to take traffic off of Independence Boulevard. [1]
- Eliminate HOV lanes. [1]
- Encourage more use of public transportation. [1]
- Enforce the traffic laws. [2]
- Expand all interstates. [1]

- Expand the rail system. [29]
- Extend the light rail and encourage cycling. [1]
- Extend the railway. Provide an updated map of Charlotte. [1]
- Finish 485. [6]
- Finish the construction that has been started. [2]
- Fix more potholes and roads. [1]
- Get bikers to follow traffic laws. [2]
- Get rid of HOV restrictions. We all pay taxes. [1]
- Get rid of illegal (immigrants) and cut back on the welfare system. It is worse than Detroit or New York. [1]
- Get rid of Obama. [1]
- Get rid of the foreigners. [1]
- Give out more tickets and make people drive like they have sense. [1]
- Good project management would be excellent. Also, show a little more openness to the residents. [1]
- Have more people walk. [2]
- Have people be more aware of what is going on, and what is around them. (Have) more police presence. [1]
- Help folks with their homes. [1]
- HOV lane to Lake Norman should be in Charlotte, not where it (currently) is. [1]
- I am not sure. [5]
- I have not liked things that were done (such as) East Boulevard (having) an island. Do not do that to 7th Street. [1]
- I know they are working on it, but I would love to see a train system go from the northern part of the city to uptown. [1]
- I think they (should) widen sidewalks to maybe six feet, and get bike lanes off the roads. [1]
- I think they should leave it alone. [5]

- I would like to see a more extensive bus route, more bike lanes, more walking paths and pedestrian routes, and more light rails. Also, incorporate traffic sensors that pick up bikes at night. [1]
- I would say, get things built. [1]
- If (the city was) more bicycle friendly, (people could) bike to work. [1]
- Improve and expand mass transit. [7]
- Improve bus routes. [1]
- Improve existing roads and add more red lights. [1]
- Improve the existing roads, and adjust the traffic signals so traffic can flow more smoothly. [1]
- Improve the layout of roads. More options are needed. More routes should be available. [1]
- Improve the roads. [2]
- Increase public transportation as soon as possible. Increase and improve bike lanes. (Have) better on and off ramps. [1]
- Increase the time of the commute systems, and try to extend the train. [1]
- Instead of having big city buses, go out and have smaller buses go through residential areas to pick up people and bring them to a central stop for a train or a larger bus. [1]
- It is very nice what they are going to do with Rea Road and Colony. They are going to enlarge the road. [1]
- It would be great if we could redirect the employment through the center of town, (because) there is a backup of traffic through certain times. [1]
- Learn how to work the streetlights properly. [1]
- Limit development close to residential areas. [1]
- Make all streets have magnetic tracks. That would keep people safe. [1]
- Make more connecting bus routes that go further from Charlotte other than just the places in Matthews and Pineville. Rea Road is a very busy area, and there is no bus that goes over there. They should have buses that go all the way down Independence into Matthews. If they had more buses that went out there, then a lot more people would ride. [1]
- Make public transportation cheaper. [1]
- More HOV lanes would speed things up. [1]

- More police presence is needed. [4]
- No. Work on the interstate. I am for the light rail. [1]
- Northlake Road is very congested, so you have to take different routes. [1]
- One of the safest things they could do for those of us who walk or take the bus is to build elevated walkways. [1]
- Open more exits on 485. [1]
- Perhaps work the lights differently at peak hours. [1]
- Promote carpools. [2]
- Provide better bicycle access to most parts of town. Provide better mass transit. [1]
- Provide better public transport, more bike paths, and better sidewalks. [1]
- Provide more bike routes. [7]
- Provide more bus transportation and carpooling. [1]
- Provide more mass transit, and extend the light rail. [1]
- Provide more public transportation. [10]
- Put up more traffic lights. [4]
- Raise taxes. [1]
- Reduce speeding in areas. (Add) more signage. [1]
- Some of the roads are very old. They need to patch up the roads. This is the major problem of congestion. Public training in driving (is needed). [1]
- Some stop lights need more turning lanes or more arrows for those turning lanes. [1]
- Speed up the current construction times. [2]
- Stop reducing major lanes and roads to build pretty medians. [1]
- Take away unnecessary construction, and do construction at night. Police cars pull people over in the wrong places. [1]
- Tax the bicycles and make them pay for the roads they destroy. The congestion is only at peak times. [1]

- The City of Charlotte does quite well in that regard. [1]
- The governor was doing a lot for the roads, but politicians think short-term instead of long-term. [1]
- The light rail should be put in, but not if it raises taxes. [1]
- The ones mentioned were good ideas. [1]
- The road signs need to be painted with neon paint so you can see them at night. They need to be bigger. You have to know the area to guess that you are on the right road, because you cannot see it. [1]
- There are certain things they could do. [1]
- There are no sidewalks, and they are needed. A two mile long road (without sidewalks) is dangerous. [1]
- There are some new properties, but I do not see any signs that show that there is a change in traffic patterns. I do not see how the residents there have access to the congested roads. [1]
- There is little traffic going downtown on East Independence in the morning hours. I do not see any problems in this city. I used to drive in New York. [1]
- They abandoned the extension of the Independence Expressway. Now, all the normal places I go that were easy to travel to are gone due to the new expressway, so it is more congested for us but easier for those going to Union City. [1]
- They are doing the best they can. [1]
- They could do better with the public transportation, and (provide) more buses. [1]
- They could probably change. [1]
- They could promote people working at home if they have that ability. [1]
- They need to create ideas on how to prevent congestion. [1]
- They need to fix I-485. [1]
- They need to have better planning. [6]
- They need to stop wasting money and put it where it is best needed. [1]
- They should build more streets (that have) no stop signs. [1]
- They should do something with the traffic lights (and) four way stops. [1]

- They should get it together. [1]
- They should have been wiser in making a lot more lanes in the highways. We need smarter bureaucrats. [1]
- They should improve service on the current bus line. [2]
- They should lengthen the stoplights, particularly at the Providence and Sardis intersection. The light running across Providence is not long enough and traffic backs up for over a mile and a half. They should take out a lot of stoplights and put in roundabouts. They need to increase the monitoring of people texting. Too many people are texting on their phones while driving, and they are dragging their feet because they are not paying attention. [1]
- They should reform the bus system and expand their train route. [1]
- They should spend gas taxes to fix roads. [1]
- Time the lights better, and (add) more traffic police. [2]
- Try (having) people work from home. (Perhaps) employers could use company buses to transport employees to and from (work) at certain times. [1]
- Understand long range planning and do it instead of waiting. I would use light rail if available. [1]
- Use commuter lanes. [1]
- Use of interstate. [1]
- We need better organization of highways and traveling systems that we already have. [1]
- What has created the congestion is the traffic light. Take away the traffic lights, and provide shortcuts to the right or the left. [1]
- Whatever would be the cheapest or most effective. (Focus) less on the mode and more on how much we can get for the funds available. [1]
- Widen 485 and Elm Lane. They need to spend more time on maintaining roads that are there now. [1]
- Widen roads and streets. (Provide) more buses and rails. [1]
- Widen the highways and encourage employers to build offices closer to residential areas. [1]
- Widen the roads and have more lights. [2]
- Widen the roads. (Provide) more transportation. [1]

9.0 How should the government pay for new roads?

Total Respondents - 119

Total Comments - 119

- (It should) not (be) with taxpayer money. [1]
- (They should) quit wasting money. [1]
- (Through) city funds and revenue. [2]
- (Through) impact fees and sales tax. [1]
- (Through) lotteries and gas taxes. [1]
- (Through) parking tickets and tolls. [1]
- (With a) car tax. [1]
- (With) additional taxes. [1]
- (With) industries' tax breaks. [1]
- All of the above. [23]
- Bonds. [1]
- Bring more business in to increase property taxes. [1]
- Build up funds for future construction. [1]
- By any means except tolls. [2]
- Cut back on some other spending. [7]
- Cut spending on high salaries. [6]
- Different taxes and such, depending on the area. [1]
- Divert the current program funds to the roads. [1]
- Fine people for walking in the road where there are sidewalks (available). (Implement) hotel taxes. [1]
- Fundraising. [1]

- I do not think that they can tax the gas or cigarettes much more, and I do not think that tolls would work. [1]
- I would say to stop trying to rebuild roads. [2]
- Impact fees for new development, gas taxes, and tolls. [1]
- Implement fees and a gas tax. [1]
- Increase everything instead of having a big increase on one thing. [1]
- Increase taxes on the rich. [2]
- It should be divided equally for everyone. [2]
- Lottery. [5]
- Make sure the taxes they do collect go for the new roads and not for something else. [1]
- Payroll tax for commuters. [1]
- Property taxes and gas taxes would not be a good idea, nor would sales taxes. I think the government has a plan or may have more knowledge about existing roads so they cannot develop a new one. [1]
- Pull the budget from some of the other areas that are of less priority. [2]
- Push people's mailboxes back and build a bike lane and sidewalks on the roads. [1]
- Restructure the government, and stop wasteful spending. [1]
- Spend money more efficiently. [3]
- Spend money on what is needed, and not on sports for the rich and powerful. [1]
- Stop misusing gas taxes. [1]
- Take it out of the taxes, without increasing the amount that taxpayers pay. [1]
- Take the surplus money that is being wasted and apply it to the highways and sidewalks. [1]
- Tax the rich. Also, the oil refineries and corporations could be taxed a little more. [1]
- The government should pay. [2]

- The government wastes more money than they ought to. They should reduce taxes. [1]
- The state should be responsible. [2]
- They already take enough taxes. [2]
- They need to quit stealing our money. [1]
- Through grants, federal or government. [3]
- Through impact fees for new development, as well as gas taxes. [1]
- Through impact fees for new development, gas tolls, and tolls. [1]
- Use the existing funds more wisely. [9]
- We need honesty (among) local, state, and federal (governments, so) taxes designed for transportation should go to transportation. [1]
- With all taxes. [7]
- With gas taxes and property taxes. [1]
- With impact fees for new development, and with sales and property taxes. [1]
- With sales taxes and property taxes. [1]
- Work for free. [1]

10.0 How should the government pay for road maintenance?

Total Respondents - 109

Total Comments - 109

- (Roads) should be built correctly the first time, or (use) other road materials. [1]
- (Through) auto taxes. [1]
- (Through) city funds and revenue. [1]
- (Through) different taxes and such, depending on the area. [1]
- (Through) either impact fees or sales tax. [1]

- (Through) good planning. [1]
- (Through) grants. [1]
- (Through) impact fees for new development, sales taxes, and gas taxes. [1]
- (Through) money management. [1]
- (Through) sin taxes. [1]
- (Through) taxing or charging users. [1]
- (Through) tickets, tolls, and sin taxes. [1]
- (Use) prison workers, and fine people who throw trash on the roads. [1]
- (With money) from businesses. [1]
- (With the) Ballantyne tax increment plan. [1]
- (With) all taxes and other government funds. [1]
- (With) all taxes. [4]
- (With) income taxes. [1]
- All but tolls. [2]
- All of the above. [17]
- As they have in the past. [1]
- Both gas taxes and tolls. [2]
- By tolls and impact fees. [1]
- Come up with better ways. [1]
- Cut a lot of the fat away to people that do not want to work. [1]
- Cut back on other projects and use it for the roads. [4]
- Cut down the size of government and use that money (for maintenance). [1]

- Do not raise taxes. [1]
- Donations. [1]
- Enact fees for new development, property taxes, and major freeways. [1]
- Go out to Raleigh and get more tax money from them. [1]
- Impact fees are needed around the university areas. Instead of having all of the high traffic that they do around these areas, I believe they should have a metro access in these areas. It will lower the congestion in these areas. When students and workers are having to go to school and work, it is always congested at these times. [1]
- Impact fees for new development, gas taxes, and tolls. [1]
- Incorporate it into the budget. [2]
- Increase everything, (instead of having) one big increase on one thing. [1]
- Let the one percent rich pay for it. [2]
- Lottery. [5]
- Misspending of money. [1]
- Pay for it through sales taxes and something else instead of property taxes and impact fees. [1]
- Pay for it with sales and gas taxes. [1]
- People in the government (should) take less pay and put it towards the needs of the people. Fight organized crime, and abolish the IRS. [1]
- Reduce the politicians' salaries and use this money. [4]
- Remove tax breaks from certain companies. [1]
- Restructure the government, and stop wasteful spending. [1]
- Spend money more efficiently. [3]
- State taxes. [2]
- Take the surplus money and apply it to the highways and sidewalks and things of that nature. [1]
- Tax the oil companies and all big businesses. There are too many loopholes out there. It would create jobs. [1]

- Taxes are the answer, but I am not sure what should be taxed. [1]
- Taxes. [1]
- The government needs to step up. [3]
- The same way they pay their employees millions of dollars. [1]
- They already take enough taxes. They could use money. [1]
- They should use the storm water tax they have been gouging everyone with for so long. If they would tax some of the million dollar condos downtown, they could pay for the roadwork they need to do. [1]
- Through impact fees for new development, gas tolls, and tolls. [1]
- Try to get federal grants. [1]
- Use current funding. [7]
- We should have enough funding that should already cover the maintenance. [1]
- With everything, except property taxes. [1]
- With gas and property taxes. [2]
- With sales taxes, property taxes, tolls, and bonds. [1]
- With tolls and sales tax. [1]

18.1 Why can you not walk to ... Park?

Total Respondents - 21

Total Comments - 21

- (It is) not safe. [1]
- (There is) no park within ten minutes of our residence. [1]
- (There is) no park. [1]
- All of the above. [6]
- I do not know where it is. [3]

- I will drive. [1]
- It is too far, and there are no sidewalks. [5]
- It is too far, there are no sidewalks, and it is difficult to cross the street. [2]
- There are no sidewalks, and it is difficult to cross the street. [1]

18.2 Why can you not walk to ... School?

Total Respondents - 15

Total Comments - 15

- (It is) difficult to cross, and too far. [1]
- (There is) no school within ten minutes of our residence. [1]
- All of the above. [4]
- I will drive. [1]
- I would walk to my school only if I had no choice. There is no pedestrian access to get there. [1]
- It is too far, and there are no sidewalks. [5]
- It is too far, there are no sidewalks, and it is difficult to cross the street. [2]

18.3 Why can you not walk to ... Shopping?

Summary of Written Comments for City of Charlotte - Department of Transportation

North Charlotte

Total Report Respondents - 92

The following comments have been summarized to protect confidentiality

How should the government pay for road maintenance?

Total Respondents - 24

Total Comments - 24

· I am a self-employed truck driver and I own my own tractor-trailer. The one thing that I think is in desperate need of improvement would be gas prices. It is crippling our country to have to pay so much money for gas. These outrageous prices, which have increased over 300% in the last couple of years, are hurting our country, particularly the trucking industry and those who must also purchase diesel. I am not sure what the city can do about this, but if something can be done, it should be. [1]

What other actions do you feel the City of Charlotte or the State should take to relieve congestion?

Total Respondents - 73

Total Comments - 73

- (Allow) less cars and improve bus travel. [1]
- (Construct) bypass bridges. [1]
- (Have) buses run all night. [1]
- (Provide) more buses and sidewalks. Allow for more accessible neighborhoods. [1]
- (Provide) more buses. [1]
- (Provide) more entrances and exits from congested areas. [1]
- (Provide) more spaces. [1]
- (Provide) more turn lanes. [1]
- (We) need more roads and traffic lights. [1]

- Add a couple of lanes and make neighborhoods have bike lanes. [1]
- Add a couple of more lines in each direction on each of the interstates, and on some of the city streets that are congested. Better lighting is needed in some areas, particularly on Brookshire Freeway and 85. [1]
- Add more roads or lanes and widen existing roads. [11]
- Add more streets and roads for different routes. People should try to carpool and change travel times to make it easier on themselves and everyone else. [1]
- Besides widening, use stoplights instead of stop signs. [1]
- Build more roads. [2]
- Build sidewalks and bike lanes on the street. [1]
- Coordinate traffic light signals to allow traffic to flow more freely. [3]
- Do road work at night. [1]
- Do something to take traffic off of Independence Boulevard. [1]
- Expand the rail system. [12]
- Finish 485. [1]
- Finish the construction that has been started. [1]
- Improve and expand mass transit. [3]
- Improve bus routes. [1]
- Improve the roads. [1]
- Limit development close to residential areas. [1]
- Make all streets have magnetic tracks. That would keep people safe. [1]
- More HOV lanes would speed things up. [1]
- More police presence is needed. [1]
- Northlake Road is very congested, so you have to take different routes. [1]

- Provide more bike routes. [1]
- Provide more bus transportation and carpooling. [1]
- Put up more traffic lights. [1]
- Speed up the current construction times. [1]
- The governor was doing a lot for the roads, but politicians think short-term instead of long-term. [1]
- The light rail should be put in, but not if it raises taxes. [1]
- There are no sidewalks, and they are needed. A two mile long road (without sidewalks) is dangerous. [1]
- There are some new properties, but I do not see any signs that show that there is a change in traffic patterns. I do not see how the residents there have access to the congested roads. [1]
- They are doing the best they can. [1]
- They need to create ideas on how to prevent congestion. [1]
- They need to have better planning. [1]
- They should get it together. [1]
- They should spend gas taxes to fix roads. [1]
- Time the lights better, and (add) more traffic police. [1]
- We need better organization of highways and traveling systems that we already have. [1]
- What has created the congestion is the traffic light. Take away the traffic lights, and provide shortcuts to the right or the left. [1]
- Widen roads and streets. (Provide) more buses and rails. [1]

9.0 How should the government pay for new roads?

Total Respondents - 29

Total Comments - 29

- (It should) not (be) with taxpayer money. [1]
- (They should) quit wasting money. [1]

- (Through) parking tickets and tolls. [1]
- (With) additional taxes. [1]
- All of the above. [4]
- By any means except tolls. [1]
- Cut back on some other spending. [2]
- Cut spending on high salaries. [3]
- Different taxes and such, depending on the area. [1]
- Fine people for walking in the road where there are sidewalks (available). (Implement) hotel taxes. [1]
- Increase taxes on the rich. [1]
- It should be divided equally for everyone. [1]
- Property taxes and gas taxes would not be a good idea, nor would sales taxes. I think the government has a plan or may have more knowledge about existing roads so they cannot develop a new one. [1]
- Pull the budget from some of the other areas that are of less priority. [1]
- Spend money more efficiently. [1]
- Tax the rich. Also, the oil refineries and corporations could be taxed a little more. [1]
- The state should be responsible. [1]
- Through grants, federal or government. [1]
- Use the existing funds more wisely. [2]
- With all taxes. [2]
- With sales taxes and property taxes. [1]

10.0 How should the government pay for road maintenance?

Total Respondents - 24

Total Comments - 24

- (Through) auto taxes. [1]
- (Through) different taxes and such, depending on the area. [1]
- (Through) good planning. [1]
- (Through) sin taxes. [1]
- (Through) tickets, tolls, and sin taxes. [1]
- (With) all taxes. [2]
- (With) income taxes. [1]
- All but tolls. [1]
- All of the above. [3]
- Cut back on other projects and use it for the roads. [1]
- Impact fees are needed around the university areas. Instead of having all of the high traffic that they do around these areas, I believe they should have a metro access in these areas. It will lower the congestion in these areas. When students and workers are having to go to school and work, it is always congested at these times. [1]
- Pay for it with sales and gas taxes. [1]
- Reduce the politicians' salaries and use this money. [1]
- Spend money more efficiently. [1]
- State taxes. [1]
- Tax the oil companies and all big businesses. There are too many loopholes out there. It would create jobs. [1]
- The government needs to step up. [1]
- Use current funding. [3]

18.1 Why can you not walk to ... Park?

Summary of Written Comments for City of Charlotte - Department of Transportation

South Charlotte

Total Report Respondents - 118

The following comments have been summarized to protect confidentiality

What other actions do you feel the City of Charlotte or the State should take to relieve congestion?

Total Respondents - 107

Total Comments - 107

- (Conduct) better DOT studies. [1]
- (Increase) public transportation and bike routes. [1]
- (Provide) more bike lanes. Have buses come out to more areas. [1]
- (Provide) more bus routes, extend the light rail, and offer incentives for bike travel and other means of green travel. [1]
- (They are) way behind in time, (and are) not updated. [1]
- Add more roads or lanes and widen existing roads. [10]
- Allow more building and tax credits to get small businesses going, and get people from out of state to move in. Reduce regulations and government strength. [1]
- Analyze traffic patterns and identify algorithms. [1]
- Ban bikes from public roads. [2]
- Build more roads. [2]
- Businesses should vary their work hours. [2]
- Continue to support public transportation by keeping up with the roads and accommodate the traffic. [1]
- Coordinate traffic light signals to allow traffic to flow more freely. [8]
- Definitely provide more education on biking and bikers. Also, provide more bike lanes and wider biking lanes. [1]

- Do not allow parking on the streets. [1]
- Eliminate HOV lanes. [1]
- Encourage more use of public transportation. [1]
- Expand all interstates. [1]
- Expand the rail system. [7]
- Extend the light rail and encourage cycling. [1]
- Finish 485. [1]
- Get bikers to follow traffic laws. [2]
- Get rid of HOV restrictions. We all pay taxes. [1]
- Get rid of illegal (immigrants) and cut back on the welfare system. It is worse than Detroit or New York. [1]
- Get rid of Obama. [1]
- Get rid of the foreigners. [1]
- Good project management would be excellent. Also, show a little more openness to the residents. [1]
- I am not sure. [2]
- I have not liked things that were done (such as) East Boulevard (having) an island. Do not do that to 7th Street. [1]
- I think they (should) widen sidewalks to maybe six feet, and get bike lanes off the roads. [1]
- I think they should leave it alone. [3]
- I would like to see a more extensive bus route, more bike lanes, more walking paths and pedestrian routes, and more light rails. Also, incorporate traffic sensors that pick up bikes at night. [1]
- If (the city was) more bicycle friendly, (people could) bike to work. [1]
- Improve and expand mass transit. [2]
- Improve existing roads and add more red lights. [1]

- Improve the roads. [1]
- Increase public transportation as soon as possible. Increase and improve bike lanes. (Have) better on and off ramps. [1]
- Instead of having big city buses, go out and have smaller buses go through residential areas to pick up people and bring them to a central stop for a train or a larger bus. [1]
- It is very nice what they are going to do with Rea Road and Colony. They are going to enlarge the road. [1]
- It would be great if we could redirect the employment through the center of town, (because) there is a backup of traffic through certain times. [1]
- Learn how to work the streetlights properly. [1]
- Make more connecting bus routes that go further from Charlotte other than just the places in Matthews and Pineville. Rea Road is a very busy area, and there is no bus that goes over there. They should have buses that go all the way down Independence into Matthews. If they had more buses that went out there, then a lot more people would ride. [1]
- More police presence is needed. [1]
- No. Work on the interstate. I am for the light rail. [1]
- Promote carpools. [1]
- Provide better public transport, more bike paths, and better sidewalks. [1]
- Provide more bike routes. [6]
- Provide more public transportation. [6]
- Put up more traffic lights. [2]
- Some of the roads are very old. They need to patch up the roads. This is the major problem of congestion. Public training in driving (is needed). [1]
- Stop reducing major lanes and roads to build pretty medians. [1]
- Take away unnecessary construction, and do construction at night. Police cars pull people over in the wrong places. [1]
- The road signs need to be painted with neon paint so you can see them at night. They need to be bigger. You have to know the area to guess that you are on the right road, because you cannot see it. [1]
- There are certain things they could do. [1]

- They abandoned the extension of the Independence Expressway. Now, all the normal places I go that were easy to travel to are gone due to the new expressway, so it is more congested for us but easier for those going to Union City. [1]
- They could do better with the public transportation, and (provide) more buses. [1]
- They could probably change. [1]
- They could promote people working at home if they have that ability. [1]
- They need to fix I-485. [1]
- They need to have better planning. [2]
- They should do something with the traffic lights (and) four way stops. [1]
- They should have been wiser in making a lot more lanes in the highways. We need smarter bureaucrats. [1]
- They should improve service on the current bus line. [1]
- Widen 485 and Elm Lane. They need to spend more time on maintaining roads that are there now. [1]
- Widen the highways and encourage employers to build offices closer to residential areas. [1]

9.0 How should the government pay for new roads?

Total Respondents - 50

Total Comments - 50

- (Through) city funds and revenue. [1]
- (Through) lotteries and gas taxes. [1]
- All of the above. [10]
- Bonds. [1]
- Bring more business in to increase property taxes. [1]
- By any means except tolls. [1]
- Cut back on some other spending. [4]
- Cut spending on high salaries. [1]

- Divert the current program funds to the roads. [1]
- I would say to stop trying to rebuild roads. [2]
- Impact fees for new development, gas taxes, and tolls. [1]
- Increase taxes on the rich. [1]
- It should be divided equally for everyone. [1]
- Lottery. [3]
- Payroll tax for commuters. [1]
- Pull the budget from some of the other areas that are of less priority. [1]
- Push people's mailboxes back and build a bike lane and sidewalks on the roads. [1]
- Spend money more efficiently. [1]
- Stop misusing gas taxes. [1]
- The government should pay. [2]
- They already take enough taxes. [2]
- They need to quit stealing our money. [1]
- Through grants, federal or government. [1]
- Through impact fees for new development, gas tolls, and tolls. [1]
- Use the existing funds more wisely. [5]
- We need honesty (among) local, state, and federal (governments, so) taxes designed for transportation should go to transportation. [1]
- With all taxes. [1]
- With gas taxes and property taxes. [1]
- Work for free. [1]

10.0 How should the government pay for road maintenance?

Total Respondents - 50

Total Comments - 50

- (Roads) should be built correctly the first time, or (use) other road materials. [1]
- (Through) city funds and revenue. [1]
- (Through) grants. [1]
- (Through) impact fees for new development, sales taxes, and gas taxes. [1]
- (Through) money management. [1]
- (Through) taxing or charging users. [1]
- (Use) prison workers, and fine people who throw trash on the roads. [1]
- (With money) from businesses. [1]
- (With the) Ballantyne tax increment plan. [1]
- All but tolls. [1]
- All of the above. [5]
- As they have in the past. [1]
- Both gas taxes and tolls. [2]
- Cut a lot of the fat away to people that do not want to work. [1]
- Cut back on other projects and use it for the roads. [2]
- Cut down the size of government and use that money (for maintenance). [1]
- Donations. [1]
- Enact fees for new development, property taxes, and major freeways. [1]
- Go out to Raleigh and get more tax money from them. [1]
- Impact fees for new development, gas taxes, and tolls. [1]

- Incorporate it into the budget. [2]
- Let the one percent rich pay for it. [2]
- Lottery. [2]
- Pay for it through sales taxes and something else instead of property taxes and impact fees. [1]
- People in the government (should) take less pay and put it towards the needs of the people. Fight organized crime, and abolish the IRS. [1]
- Reduce the politicians' salaries and use this money. [1]
- Remove tax breaks from certain companies. [1]
- Spend money more efficiently. [2]
- Taxes are the answer, but I am not sure what should be taxed. [1]
- They already take enough taxes. They could use money. [1]
- Through impact fees for new development, gas tolls, and tolls. [1]
- Use current funding. [3]
- We should have enough funding that should already cover the maintenance. [1]
- With everything, except property taxes. [1]
- With gas and property taxes. [2]
- With sales taxes, property taxes, tolls, and bonds. [1]
- With tolls and sales tax. [1]

Summary of Written Comments for City of Charlotte - Department of Transportation

East Charlotte

Total Report Respondents - 58

The following comments have been summarized to protect confidentiality

What other actions do you feel the City of Charlotte or the State should take to relieve congestion?

Total Respondents - 54

Total Comments - 54

- (Allow) less cars. [1]
- (Improve) traffic light timing, and actually repave some of the roads. [1]
- (Install) more stoplights. (Install) speed bumps throughout the neighborhoods. Neighborhoods are being used as a way to cut through. [1]
- (Provide) more buses. [2]
- Add lanes and buses to make it easier to get somewhere on time. [1]
- Add more rapid transit such as buses, light rails, and street cars. (Provide) safer roads for bike commuting. [1]
- Add more roads or lanes and widen existing roads. [6]
- Better planning of roads, widening of the right roads, and timing and organizing actions (efficiently). [1]
- Build more roads. [1]
- CATS should be more professional and on time. [1]
- Coordinate traffic light signals to allow traffic to flow more freely. [2]
- Expand the rail system. [8]
- Finish 485. [1]
- Have more people walk. [1]

- Have people be more aware of what is going on, and what is around them. (Have) more police presence. [1]
- I am not sure. [2]
- I would say, get things built. [1]
- Improve and expand mass transit. [2]
- Improve the existing roads, and adjust the traffic signals so traffic can flow more smoothly. [1]
- Increase the time of the commute systems, and try to extend the train. [1]
- Make public transportation cheaper. [1]
- More police presence is needed. [1]
- One of the safest things they could do for those of us who walk or take the bus is to build elevated walkways. [1]
- Provide better bicycle access to most parts of town. Provide better mass transit. [1]
- Provide more public transportation. [2]
- Put up more traffic lights. [1]
- Tax the bicycles and make them pay for the roads they destroy. The congestion is only at peak times. [1]
- The City of Charlotte does quite well in that regard. [1]
- There is little traffic going downtown on East Independence in the morning hours. I do not see any problems in this city. I used to drive in New York. [1]
- They need to have better planning. [2]
- They should build more streets (that have) no stop signs. [1]
- They should improve service on the current bus line. [1]
- They should lengthen the stoplights, particularly at the Providence and Sardis intersection. The light running across Providence is not long enough and traffic backs up for over a mile and a half. They should take out a lot of stoplights and put in roundabouts. They need to increase the monitoring of people texting. Too many people are texting on their phones while driving, and they are dragging their feet because they are not paying attention. [1]
- They should reform the bus system and expand their train route. [1]
- Use of interstate. [1]

- Widen the roads and have more lights. [1]

9.0 How should the government pay for new roads?

Total Respondents - 20

Total Comments - 20

- (Through) impact fees and sales tax. [1]
- All of the above. [3]
- Cut back on some other spending. [1]
- Cut spending on high salaries. [1]
- Fundraising. [1]
- I do not think that they can tax the gas or cigarettes much more, and I do not think that tolls would work. [1]
- Implement fees and a gas tax. [1]
- Increase everything instead of having a big increase on one thing. [1]
- Lottery. [1]
- Spend money more efficiently. [1]
- The government wastes more money than they ought to. They should reduce taxes. [1]
- Through grants, federal or government. [1]
- Through impact fees for new development, as well as gas taxes. [1]
- With all taxes. [4]
- With impact fees for new development, and with sales and property taxes. [1]

10.0 How should the government pay for road maintenance?

Total Respondents - 19

Total Comments - 19

- (With) all taxes and other government funds. [1]

- (With) all taxes. [2]
- All of the above. [4]
- Cut back on other projects and use it for the roads. [1]
- Increase everything, (instead of having) one big increase on one thing. [1]
- Lottery. [2]
- Reduce the politicians' salaries and use this money. [1]
- State taxes. [1]
- Taxes. [1]
- The government needs to step up. [2]
- They should use the storm water tax they have been gouging everyone with for so long. If they would tax some of the million dollar condos downtown, they could pay for the roadwork they need to do. [1]
- Try to get federal grants. [1]
- Use current funding. [1]

West Charlotte

Total Report Respondents - 63

The following comments have been summarized to protect confidentiality

How should the government pay for road maintenance?

Total Respondents - 16

Total Comments - 16

· I have a suggestion for how the city can pay for and maintain new roads. Instead of opening so many attractions to bring people in like they did with NASCAR and the whitewater rafting center, I think they should take the money from those things to pay for the things the city needs. They should tax people higher that go to things such as baseball games and races, because they are able to pay and go to these events, and people who are unable to afford going to these sort of things should not be taxed as highly as they are. Everyone is not able to go and should not be paying if they cannot. [1]

What other actions do you feel the City of Charlotte or the State should take to relieve congestion?

Total Respondents - 60

Total Comments - 60

- (Incorporate) more bus routes. The bus should run more often and to more places. [1]
- (Provide) more buses. [1]
- (There should be) better street systems to relieve congestion. People (are) driving poorly. Something should be done. [1]
- Add more roads or lanes and widen existing roads. [7]
- Add more walkways. [1]
- As a trucker, (I suggest they) control truck traffic. Ban all truck traffic going through the city, and make them take routes around (the city). [1]
- Based on my experience, I do not drive on the highway. I know there are highways that need to be widened. Within Charlotte, the traffic problems are minimal compared to other places such as Boston. [1]
- Beware of onlookers. [1]
- Build more roads, and provide more public transportation. [1]

- Build more roads. [1]
- Businesses should vary their work hours. [2]
- Coordinate traffic light signals to allow traffic to flow more freely. [1]
- Do road work at night. [1]
- Enforce the traffic laws. [2]
- Expand the rail system. [2]
- Extend the railway. Provide an updated map of Charlotte. [1]
- Finish 485. [3]
- Finish the construction that has been started. [1]
- Fix more potholes and roads. [1]
- Give out more tickets and make people drive like they have sense. [1]
- Have more people walk. [1]
- Help folks with their homes. [1]
- HOV lane to Lake Norman should be in Charlotte, not where it (currently) is. [1]
- I am not sure. [1]
- I know they are working on it, but I would love to see a train system go from the northern part of the city to uptown. [1]
- I think they should leave it alone. [2]
- Improve the layout of roads. More options are needed. More routes should be available. [1]
- More police presence is needed. [1]
- Open more exits on 485. [1]
- Perhaps work the lights differently at peak hours. [1]
- Promote carpools. [1]

- Provide more mass transit, and extend the light rail. [1]
- Provide more public transportation. [2]
- Raise taxes. [1]
- Reduce speeding in areas. (Add) more signage. [1]
- Some stop lights need more turning lanes or more arrows for those turning lanes. [1]
- Speed up the current construction times. [1]
- The ones mentioned were good ideas. [1]
- They need to have better planning. [1]
- They need to stop wasting money and put it where it is best needed. [1]
- Time the lights better, and (add) more traffic police. [1]
- Try (having) people work from home. (Perhaps) employers could use company buses to transport employees to and from (work) at certain times. [1]
- Understand long range planning and do it instead of waiting. I would use light rail if available. [1]
- Use commuter lanes. [1]
- Whatever would be the cheapest or most effective. (Focus) less on the mode and more on how much we can get for the funds available. [1]
- Widen the roads and have more lights. [1]
- Widen the roads. (Provide) more transportation. [1]

9.0 How should the government pay for new roads?

Total Respondents - 20

Total Comments - 20

- (Through) city funds and revenue. [1]
- (With a) car tax. [1]
- (With) industries' tax breaks. [1]

- All of the above. [6]
- Build up funds for future construction. [1]
- Cut spending on high salaries. [1]
- Lottery. [1]
- Make sure the taxes they do collect go for the new roads and not for something else. [1]
- Restructure the government, and stop wasteful spending. [1]
- Spend money on what is needed, and not on sports for the rich and powerful. [1]
- Take it out of the taxes, without increasing the amount that taxpayers pay. [1]
- Take the surplus money that is being wasted and apply it to the highways and sidewalks. [1]
- The state should be responsible. [1]
- Use the existing funds more wisely. [2]

10.0 How should the government pay for road maintenance?

Total Respondents - 16

Total Comments - 16

- (Through) either impact fees or sales tax. [1]
- All of the above. [5]
- By tolls and impact fees. [1]
- Come up with better ways. [1]
- Do not raise taxes. [1]
- Lottery. [1]
- Misspending of money. [1]
- Reduce the politicians' salaries and use this money. [1]

- Restructure the government, and stop wasteful spending. [1]
- Take the surplus money and apply it to the highways and sidewalks and things of that nature. [1]
- The same way they pay their employees millions of dollars. [1]
